Engineering and Operating Data

Clean Urban Energy, Inc. ("CUE") will coordinate this demonstration with BOMA/Chicago and its Energy & Sustainability Committee. CUE may use information and data gathered from the above-named building, but only for research and development purposes; provided further that CUE will keep such information confidential and will share related analyses only in a manner that does not identify specific buildings.

CUE may publish participating building names as a group, for example, in analyses, reports, presentations, and on its website.

CUE may have confidential access to the building's electric meter data as available on ComEd's Energy Insights On-line website. The building will initiate such access by enrolling in Energy Insights On-line.

Authorized Signature

(Please fax to Clean Urban Energy, Inc. at 312-577-0950.)
